

## Camp Adventures!

IGFA offers summer week-long camp adventures for boys and girls ages 8 - 13.

Campers ages 8 – 13 will participate in daily fishing tournaments, explore the wetlands, boat rides, and dissections among many other activities. Our Angling weeks are filled with many cool fishing adventures. Campers will explore the aquatic environment; learn about fish biology, knot tying, tackle, and how to tie flies & jigs. Fishing camp field trips will take anglers freshwater and saltwater fishing, swimming, and on a drift boat adventure each Friday. Our Marine weeks offer campers the unique opportunity to discover our ocean environment. They will learn about marine animals, sharks, creatures of the deep and their habitats and also explore the wetlands. Marine camp field trips will have marine biologists exploring the Palm Beach Zoo, swimming and snorkeling with reef fish, visiting coastal hammocks and they will also study the marine life while fishing aboard a drift boat each Friday. These camps are remarkably hands-on and teach young anglers and aspiring marine biologists to be stewards of the environment.

Every camper receives a camp T-shirt and goodie bag. Campers attending Summer Camp will also receive a rod & reel and angler bag.

Each week of camp requires a minimum of 15 and a maximum of 45 campers. Please call for a brochure and to ask about our discounts. **Registration is required for camp.** For more information, please visit our website at <http://www.igfa.org/Fun/Camps.aspx>, call (954) 924-4309 or email [reservations@igfa.org](mailto:reservations@igfa.org).
